Organizer Handbook

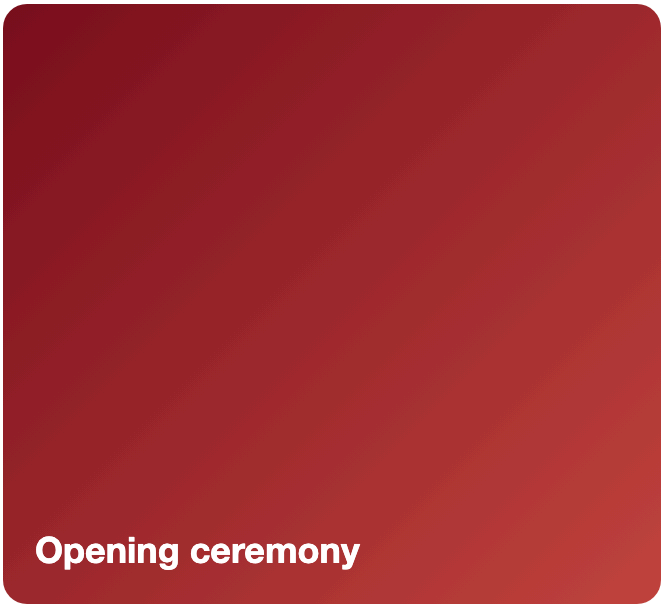

Salisbury University's student hackathon

For organizers only

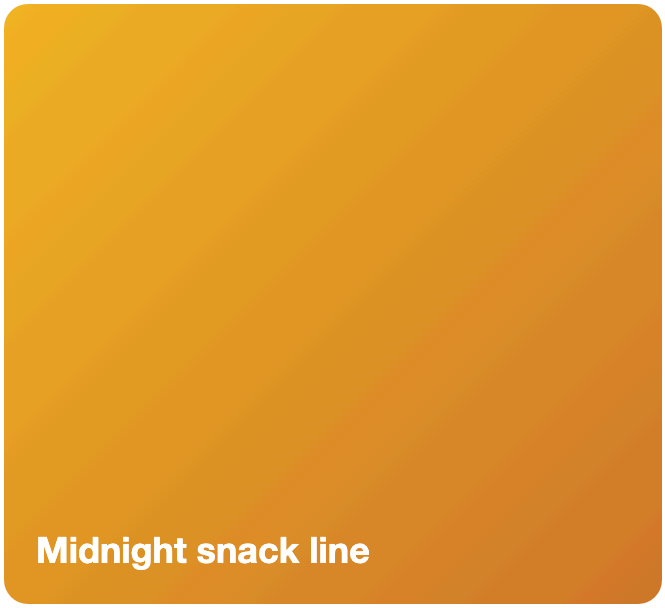

Demo document for doublechckr · Not an official Salisbury University document

GullHacks 2025 in Pictures

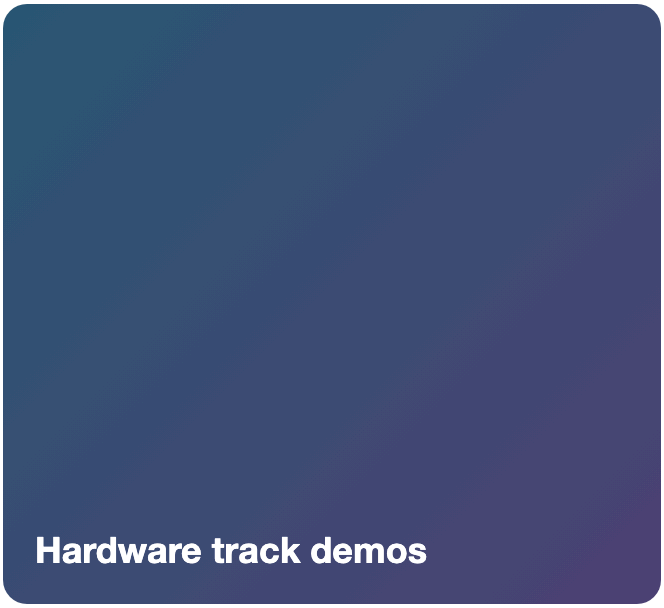

180 hackers · 36 hours · 42 projects

Opening ceremony

Midnight snack line

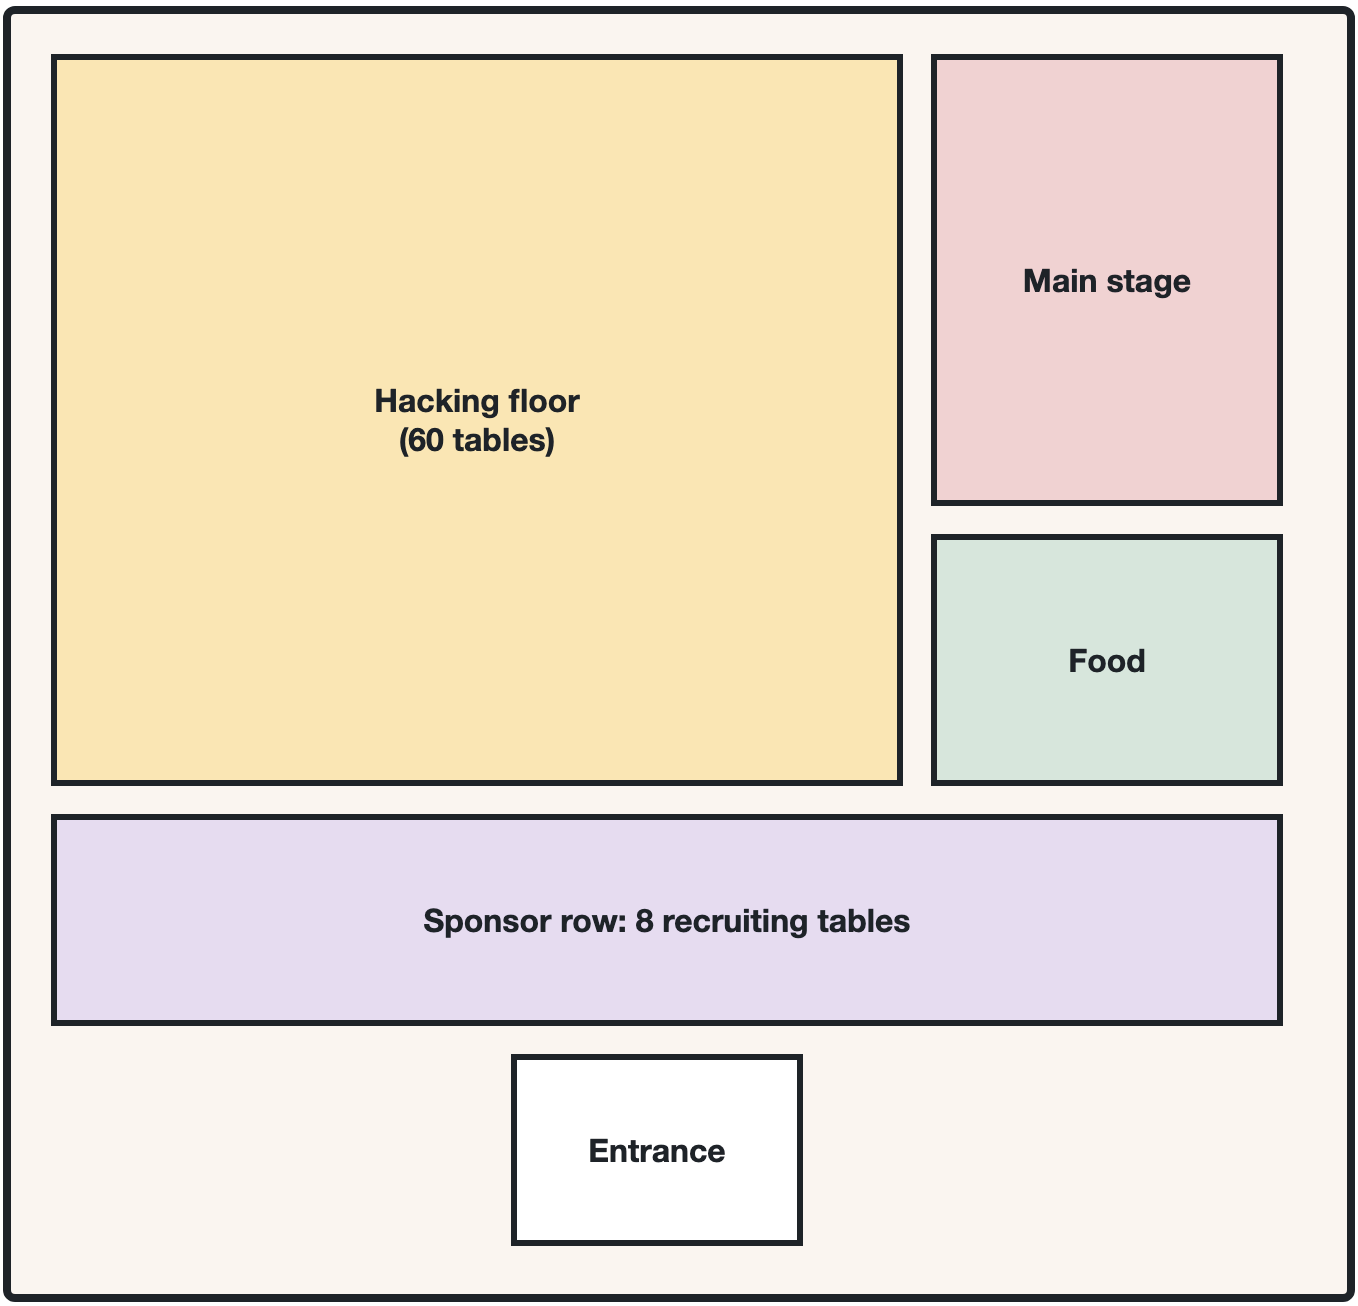

Hardware track demos

Award winners with Sammy

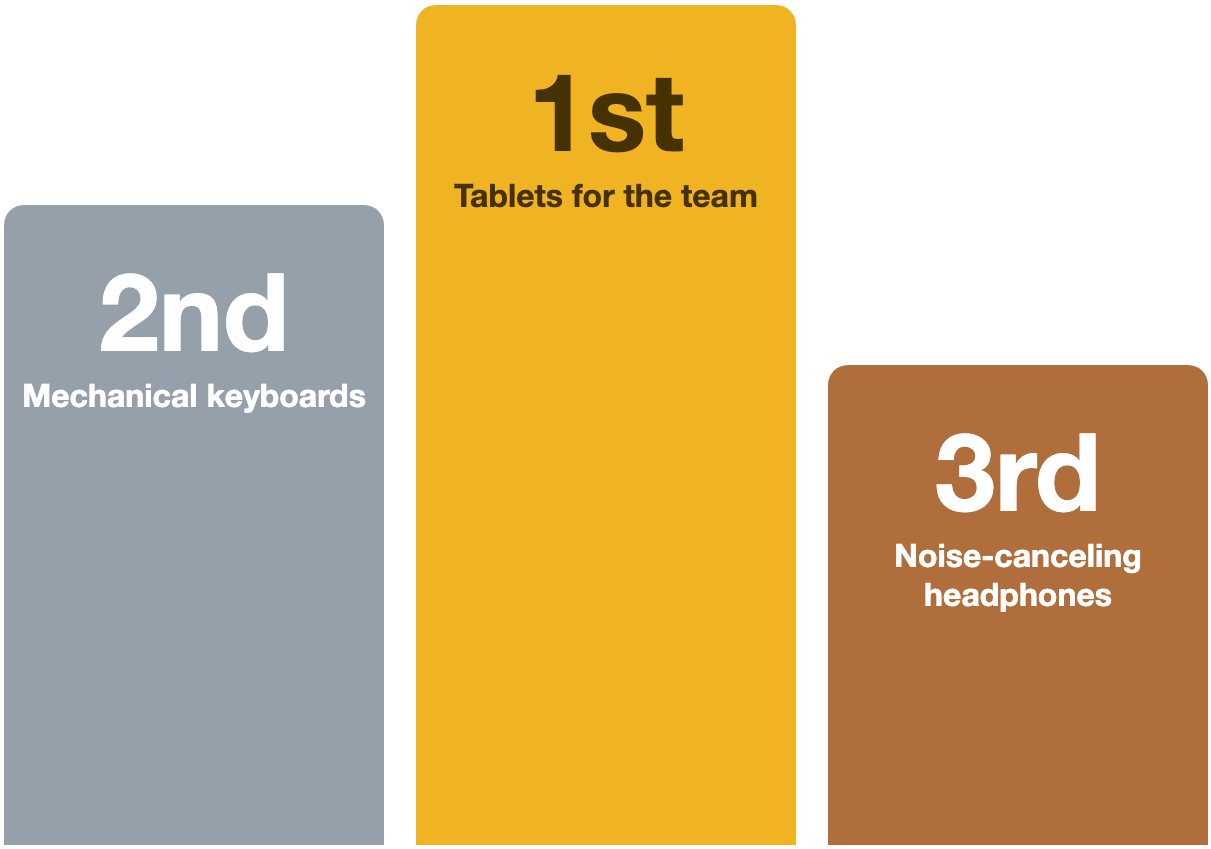

Venue Floor Plan

Where sponsors set up

Prizes

Overall winners, plus a prize for every track

Tracks: AI · Cybersecurity · Hardware · Best Beginner Hack

SECTION 1

Welcome, organizers

Thanks for helping run GullHacks. This handbook covers everything from check-in to cleanup.

Read the sections for your team closely, and skim the rest so you know who to ask.

SECTION 2

Organizing teams

There are six teams: logistics, sponsorship, marketing, hacker experience, judging, and tech.

Each team has a lead who joins the weekly all-hands call and posts updates in the team channel.

SECTION 3

Code of conduct

GullHacks is a welcoming event for everyone. Harassment of any kind is not tolerated.

If someone reports a problem, take it seriously, write down what happened, and find the on-call lead right away.

SECTION 4

Check-in process

Hackers check in at the main lobby with a photo ID and their registration QR code.

Hand each hacker a badge, a t-shirt in their size, and a printed copy of the hacker guide.

SECTION 5

Food service

Meals are served in the dining hall. Label every tray with allergens before it goes out.

Keep vegetarian, vegan, and gluten-free options on a separate table so they don't run out.

SECTION 6

Overnight rules

Hack rooms stay open all night. Quiet rooms are available for anyone who wants to sleep.

At least two organizers stay awake in shifts, and the lobby desk is never left empty.

SECTION 7

Wi-Fi and power

The event network is separate from the campus network. Post the network name at every table.

Each table gets two power strips. Report tripped breakers to the tech team, not facilities.

SECTION 8

Mentors

Mentors sit at the help desk in two-hour shifts. Hackers request help through the help queue.

Remind mentors to guide, not to write code for teams.

SECTION 9

Workshops

Workshops run in Room 112 and the makerspace. Each one has an organizer as host.

Hosts open the room 15 minutes early, test the projector, and count attendance.

SECTION 10

Sponsor tables

Sponsors set up along the sponsor row. Each table gets a tablecloth, a power strip, and a sign.

Check in with every sponsor once in the morning and once in the evening.

VENUE RESERVATION CONFIRMATION

Reference no. VR-88217 · Campus Event Services

EVENT	GullHacks 2026
ORGANIZATION	GullHacks Organizing Team
SPACES	Main hall, Rooms 110–118, Makerspace
DATES RESERVED	November 21–23, 2026
ACCESS	Friday 3:00 PM through Sunday 4:00 PM
OVERNIGHT USE	Approved

CONFIRMED

SECTION 11

Judging

Judges score projects on idea, technical difficulty, design, and presentation.

Each team gets five minutes to demo and two minutes for questions.

SECTION 12

Prizes and awards

Prizes are handed out at the closing ceremony. Winners sign for their prize at the stage.

Track prizes are announced before the overall winners.

SECTION 13

Cleanup

Every organizer stays for the first hour of cleanup. Recycling goes in the blue bins.

Return all borrowed furniture to the rooms listed on the floor plan.

SECTION 14

Questions

When in doubt, ask in the organizer channel. Someone is always watching it during the event.

Go Gulls!
